Inha Description (One Sentence Version)

Inha is a melodious and fluid language—a language that lingers over its stressed and long syllables, and revels in its trilled *R* sounds.

Consonants That Are Identical to English

L - "love" M - "magic" N - "never"

Z - "zebra"

Consonants That Are Almost Identical to English

T, D - pronounced with **the tongue tip against the back of the top front teeth**, *not* against the bump behind the teeth. Listen:

taco (English) vs. taco (Spanish) (t_span.mp3)

<u>Dora</u> (English) vs. <u>Dora</u> (Spanish) (d_span.mp3)

P, T, K - pronounced without aspiration, cf.:

pie vs. spy <u>t</u>ie vs. sty <u>k</u>it vs. s<u>k</u>it

G - always hard like "goal"; never soft like "genius"

Consonants That Differ from English

R - trilled sharply, as in Spanish "perro" (r_span.mp3)

ZH - like the "z" in "azure" or the "s" in "leisure"

Basic Vowels

A - like "a" in "father", but forward; always pure

E - always like "a" in "gate"; never silent

I - always like "i" in "machine"; always pure

O - like "o" in "tome"; always pure

U - like "<u>u</u>" in "r<u>u</u>minate"; *always* pure

Some Diphthongs

AI - like "i" in "ice" EU - like "eyu" in "Atreyu"

AU - like "ow" in "how" IO - like "eo" in "Leo"

EI - like "ey" in "hey" IE - like "ea" in "reagent"

IA - like "ea" in "theater" IU - like "eu" in "reunion"

OI - like "oy" in "boy" OA - like "oa" in "Oahu"

OU - like "ow" in "low" UE - like "ue" in "nuevo"
